

Tags

- Tags are an uncontrolled classification method.
- Tags can be entered by logged in patrons.
- Tags are moderated and must be approved before they will appear for anyone outside the logged in patron who created the tags.
- Tags are not yet searchable.

IMPORTANT: This feature is still experimental

Adding Tags

- When viewing a title's detail page you will either see that a title has no tags

No tags for this title. [Add](#)

- Or that the title has tags

All Tags

Show up to tags from other users.

Results:

- [chocolate](#) (1)
- [magic](#) (2)
- [wizard](#) (2)

- By clicking on the tags you can run a search for titles where that tag has been applied.

Can I search for tags using the keyword search?

No. At this time the only way to search for tags is from the 'my tags' tab on Your Account.
